Business Division

To support the healthy eating habits of consumers, we handle a wide range of products from dairy ingredients, cheese, meat and meat products to functional food ingredients.

Global Network

Lacto Japan has local subsidiaries in major production areas for dairy products, meat and processed meat products, and has established a procurement network that covers major suppliers worldwide.

Timely provision of market information from representative staff at overseas subsidiaries.

Please scan here for the addresses and contact information of our overseas bases and offices.

Dairy Ingredients and Cheese Business Division

We import and sell "dairy ingredients" and "cheese" made from raw milk from all over the world.

To meet the needs of our customers, we handle a full lineup of "dairy ingredients" and "cheese," as well as "powdered milk mixtures" that are compliant with the Japanese import system. In the case of "cheese," we import and sell natural cheese that is mainly used as an ingredient in processed cheese and shredded cheese.

Key Features of Our Businesses

- + Know-how related to dairy Ingredients accumulated since the dawn of Japan's dairy products imports.

Domestic share of
imported
dairy ingredients

Approximately
36%

*Estimated based on trade statistics and our sales volume
